New GenZero 500W
500Wh Capacity Battery

Small Generator for Home, Work and Recreation

- Easily powers a selection of home appliances such as kettles, TV, air pumps, mini-refrigerators, laptop and more
- Wireless charger for your mobile
- 3 hours fast charging (80%)
- Ideal in the event of a power cut
- LED light
- Digital LCD display
- Multiple charging outputs
- Operates at 50-60Hz AC across its fixed voltage supply of 230V and provides pure sine wave AC output
- Carry handle for easy transportation
- Housed in a rugged, durable case and lightweight design at only 5kg

500W CONTINUOUS OUTPUT

800W PEAK OUTPUT

Continuous Output	500W
Peak Output	800W
Battery Capacity	500Wh
Battery Type	Rechargeable Lithium Battery
Charging Time	3hrs (80%) - 4hrs (100%)
AC Output Voltage	230V
DC Outputs	12V/10A (Max)
USB Outputs	2 x Type-C Output: PD60W 2 x USB-A Output:12V/1.5A
Charging Input	12-24VDC 5A adaptor
Charge Methods	AC-DC mains charger Solar panel charger Vehicle charger
Frequency Range	50-60Hz
Sine Wave Type	Pure Sine Wave
Life of Battery	More than 1000 cycles
IP Rating	IP44/IP54/IP65 depending on AC output plug fitted
Supplied with	AC Mains Adaptor
Net Weight	5kg
Dimension	241Lx161Wx181H mm
NS Code	GENZERO-500W-230V
